How to Write a Business Report

A business report is a collection of data and analyses that helps make relevant information easily accessible to a company. There are many different types of business reports, but this guide will show you the basic outline.

Before You Begin:

- Think about your audience and their expectations, and plan your report accordingly. For example, are they expecting a formal or informal report? Do they have an understanding of the vocabulary/terms used? Do they require more background information? Do they need to be heavily persuaded?
- What is the purpose of the report? Make sure this is clear.
- Gather and organize your supporting information/data/visuals.
- Focus on the facts.
- Make sure to be clear and concise, so the report is easy for everyone to read and understand.

Use a professional standard font in a readable size
